*This book is dedicated to my beautiful wife and our beloved daughter, as well as to my family and friends in my mother country, Brazil, and my new friends in Canada. Thank you for your unwavering support and encouragement throughout this journey.*

*Launched in 2017, English Speeches was created with the goal of helping me improve my English skills to study and immigrate to the wonderful country of Canada. However, it quickly became much more than that. The channel has helped millions of English students around the world with our videos and we are now thrilled to be able to reach even more students through this book.*

*Lastly, I would like to remember and honour my dear dog, Bidu, who will always be in our hearts. 🐾🐾*

**L**earn English with speeches is a comprehensive guide to improving your English language skills by studying famous speeches. Whether you're a beginner just starting to learn English or an advanced learner looking to improve your skills, this book will help you get there.

English is a powerful and widely spoken language and knowing how to speak it fluently can open up a world of possibilities. Learning English is an essential step if you want to advance in your career, travel the world, or simply communicate more effectively with others. English has become the primary language of communication in business, education, and international relations in today's globalized world. It's no surprise that many people all over the world want to learn the language.

Learning a language can be difficult, but it doesn't have to be. Practice is the key to success in learning any language, and what better way to practice than by studying speeches from some of history's most influential and inspiring figures? You will not only improve your listening and comprehension skills, but you will also learn about new

cultures, expand your vocabulary, and gain a deeper understanding of the English language by studying speeches. You will learn about the use of rhetoric, persuasive strategies, and the art of public speaking by analyzing speeches.

We'll go over a variety of topics in this book, such as finding famous speeches online, creating a study schedule, taking notes, and reviewing material. We'll also cover the fundamentals of listening and comprehension, with an emphasis on pronunciation and accent reduction, expanding your vocabulary and idiomatic expressions, mastering grammar and syntax, and enhancing cultural awareness and communication strategies. We'll also give you tips and strategies to help you improve your listening and comprehension skills, as well as practice exercises to help you put what you've learned into practice.

We'll also include a variety of exercises throughout the book to help you put what you've learned into practice and keep track of your progress. We'll also talk about how to stay motivated and on track, maintain a growth mindset, embrace mistakes, and find resources to help you learn. We'll show you how to set goals, manage time and resources, and overcome obstacles and setbacks.

You'll have the skills and knowledge you need to understand and appreciate English speeches by the end of this book, and you'll be well on your way to becoming a fluent English speaker. You'll be able to analyze speeches, evaluate the speaker's credibility, and comprehend the cultural and historical context. You'll also gain a better understanding of the English language and culture, as well as be more prepared to communicate with native speakers.

So, let's get started on your English learning journey with speeches. You will be able to improve your English language skills and achieve your goals with the help of this book and your dedication to practice.
